

LA RISERVA DI DORIDE RESORT

Riserva di Doride* Resort is being built in a peaceful oasis, a green area walking distance from Le Castella Beach. You can come here by flying into the close by St. Anna Airport in Kroton, or into the International Airport of Lamezia Terme (1 hour drive). Two state roads connect Le Castella with the rest of Calabria, as you can see in the map.

*Doride was a sea nymph of Greek origins, such as the place in which the Resort is being built, Le Castella.

The Resort itself is an ecological project, whose construction will end by 2016, with high standard technology (among which a device for re-using rain water) and best quality materials. All apartments have independent heating system and air conditioning.
